Thirty Autos in Three Trophy
Road Run Tests.

(ASSOCIATED PRESS NIGHT REPORT.)
KALAMAZOO (Mich.) July 12.—All
but three of the thirty automobiles
which started from Detroit today in
the Glidden tour arrived at Kalamazoo
with perfect scores. The run-
ning time for class A was 7h. 18m.
for 142.5 miles, and the drivers re-
ported a hospitable reception all along
the route, and good roads, but consid-
erable dust.

The running time scheduled for to-
morrow for class A is 8h. 40 m. for
the 173.5 miles from here to Chicago.
Considerable trouble was experi-
enced with tires, one car having as
many as three "blow-outs" and an-
other two. Some of this trouble was
attributed to sandy roads.

SPLENDID START.
TOURISTS' GRAND SEND-OFF.
(ASSOCIATED PRESS NIGHT REPORT.)
DETROIT, July 12.—Mayor Breit-
meyer at 10 o'clock fired the gun that

started the first of thirty contestants

in the sixth annual reliability run of

the American Automobile Association

on the long tour to Kansas City by

way of Chicago, Minneapolis and Des-

Moines.

For half an hour longer the gun

spoke at one-minute intervals until

the last of the machines was off

Kalamazoo, Mich., where they will pass

the night in the first "control" of the

trip.

Not an accident marred the start.

Every engine worked perfectly as the

machines started across the line and

rolled out Michigan avenue, cheered by

thousands of people who lined the

street clear to the city limits.

Following are the contestants for

three trophies, with their drivers:

GLIDDEN TROPHY.

PILOT CAR.

With his pilot car filled with confetti

to mark the points in the day's jour-

ney, Dan H. Lewis, pathfinder for the

tour, rolled away from the Hotel Pont-

chartrain at 7:30 o'clock this morning

on the longest and hardest run yet un-

dertaken by the association.

The thirty automobiles were then

perched in Cadillac Square waiting the

signal to follow the pathfinder on the

256-mile journey which is to take

them through Chicago, Minneapolis and

Denver to Kansas City.

When the signal was given, the ob-

servers went to their respective cars

and took off the covers of the ma-

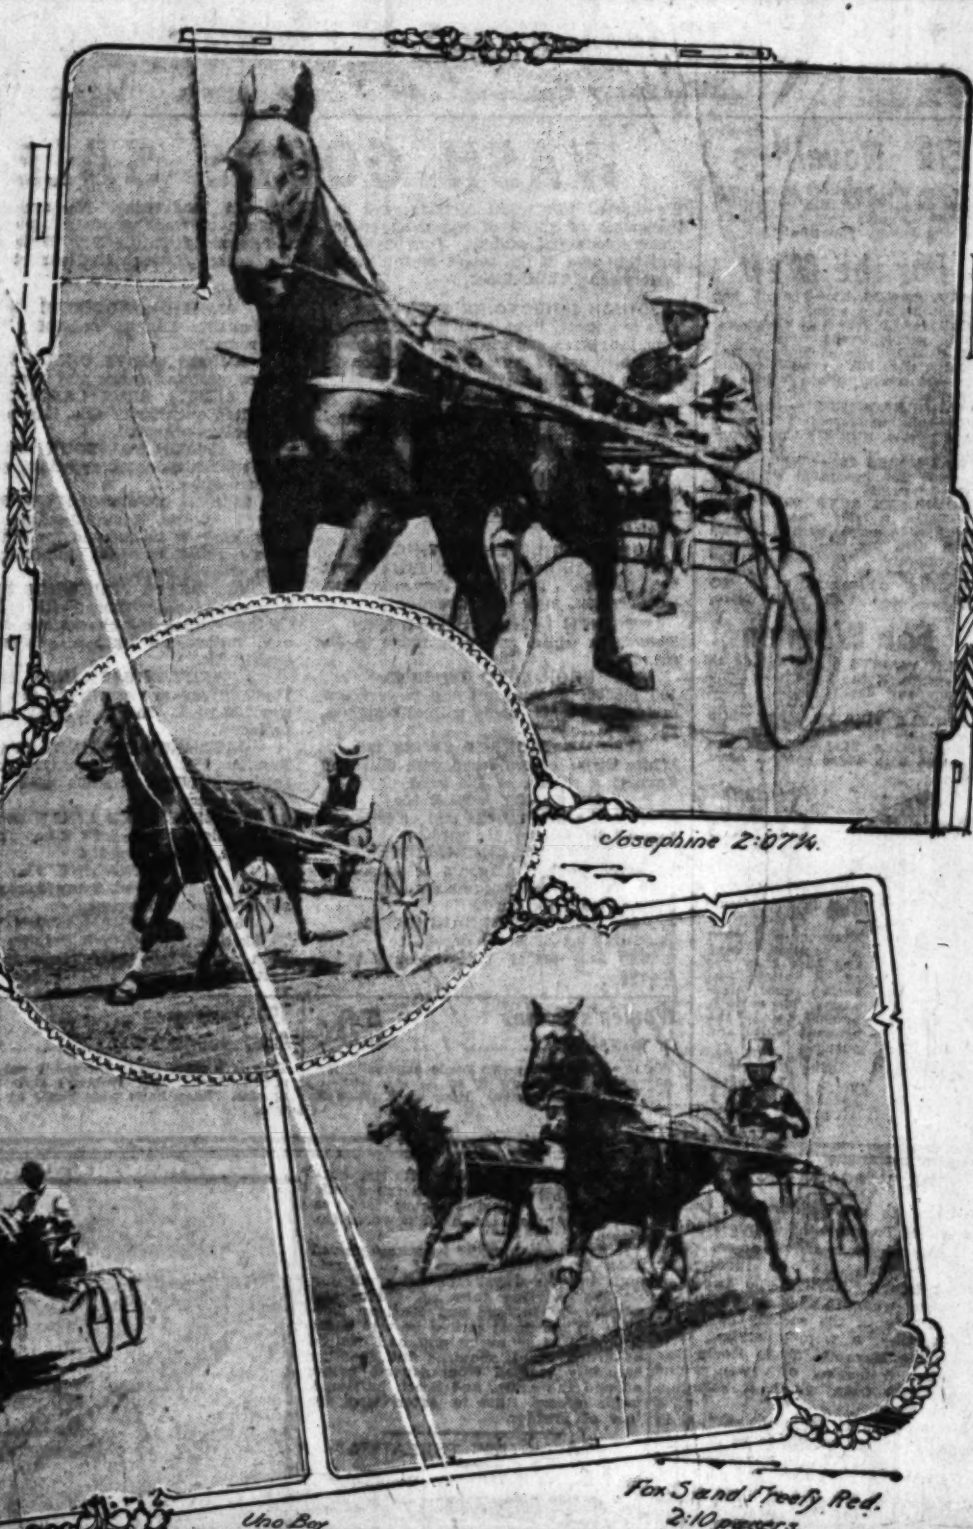

chines.

A Moline car had the distinction of

being the first contestant sent off on

the long journey. Kalamazoo, Mich.,

will be the first stop.

WRESTLING AT VENICE.

Eugene Traveller and Tony Munkers

Arrange Bout for Saturday

Night.

Eugene Traveller of Colorado Springs

and Tony Munkers of Kansas City

have been matched for a catch-as-

catch-can wrestling bout at the Ar-

cade pavilion, Venice, Saturday night.

The men have been in the game for

some time, and have good records to

their credit. The bout promises to be

interesting.

Traveller has been here about two

months trying to get a match. He

tried to arrange a bout with Shoshia

Yokoyama, the Jiu-Jitsu artist, but he

claims that the Jap is afraid to meet

him, having refused to agree to any

terms.

Munkers and Traveller are to wrestle

for two falls out of three. Traveller

weighs 150 pounds and Munkers is five

pounds heavier. Both men are con-

fident of winning, and the victor is to

take all the prize money. Pinfalls are

to count, and strangle holds will be

allowed.

Several preliminaries are being ar-

ranged, one of which probably will be

between Fred Johnson and Young

Toby.

Contestants Average About Eighteen Miles an Hour in Unique Contest—Drivers Have Difficulty in Keeping Steeds on the Track. Jockey Has a Fall.

The twenty horses had a lead of two miles and one lap over Albert Schock on his bicycle last night at the end of the first day's riding of the six-day race at Piest Park. The total distance traveled by the horses was 135 miles and 2 laps, while Schock's distance was 137 miles and 3 laps.

The average distance per hour for both the horses and Schock was a little more than seventeen miles, but Schock maintained a much steadier gait, the only periods in which he varied being the first and last two hours.

The first hour he rode twenty miles and two laps; during the second and seventh he rode eighteen miles, and in the last, thirteen miles and two laps.

Much trouble was experienced during the first two hours in keeping the horses on the track. They seemed to like the taste of the hay piled in the shed at the north end of the track, and it was almost impossible for the jockeys to drive them from it. One horse did not like the idea of running around the track, and several times ran down into the subway.

Considerable excitement occurred at the beginning of the first lap of the fifth hour, when Tuck, driven by John Coston, became entangled in the wire fence and fell. Neither horse nor rider was injured. The greater part of the fence was torn down by the horses during the first few minutes of riding, and it was then decided to take it down entirely.

During the last hour Schock and the horses fared considerably, and the time was very slow. The spectators became anxious for something to break the monotony, and kept yelling in vain for a final dash.

The contest is to be resumed tomorrow at 2 o'clock, and at 2:30 a game of lacrosse between the Shamrock and Los Angeles teams is to be played.

The distance traveled at the end of each hour was as follows:

First hour—Schock, 20 miles and 2 laps; horses, 18 miles and 2 laps.

Second hour—Schock, 20 miles and 2 laps; horses, 17 miles and 1 lap.

Third hour—Schock, 18 miles and 2 laps; horses, 15 miles and 2 laps.

Fourth hour—Schock, 17 miles and 2 laps; horses, 14 miles.

Fifth hour—Schock, 18 miles and 1 lap; horses, 16 miles and 1 lap.

Sixth hour—Schock, 18 miles and 1 lap; horses, 16 miles and 1 lap.

Seventh hour—Schock, 18 miles and 1 lap; horses, 15 miles and 1 lap.

Eighth hour—Schock, 13 miles and 2 laps; horses, 13 miles and 4 laps.

ties, but he appears as sturdy as ever.

Wolfgang looks stronger than ever.

Probably he will scale at least 127 and

likely 128, while Nelson will be no more

than 123. The five or six pounds difference

is a whole lot in this case, for Nelson

must stay down to the notch

to the last minute, while Wolfgang has

been built up for days.

Wolfgang appeared on Spring street

yesterday afternoon and Nelson came

to town last night. They are too old

campaigners to need the stimulating

influence of theater parties and com-

panionship to brace them up, so they

are resting quietly until the time of

battle. They will probably lumber up

by walking about a bit today, but serious

work is all over.

A tremendous crowd should witness

the battle tonight. Most of the visitors

come from States where boxing is

prohibited and they are spilling for a

fight. The two cards presented by Mc-

Caray should give them plenty of ac-

tion.

ANOTHER TOMORROW.

Flynn should be in as good shape

as possible for his battle with Papke

tomorrow. Although he stands little

chance to win decisively, he certainly

will give the crowd a good show.

He is the best "scraper" in the

ring today and could be hit but he

effectively instead of punning his

opponent he might be a champion to-

day.

Papke has gained a world of confi-

dence since his battle with Ketchel

tomorrow. Although he stands little

BURNS AND LANGFORD.

HERE'S A REAL FIGHT.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, July 12.—(Exclusive

Dispatch.) Tommy Burns, former

heavyweight champion, and Sam

Langford, colored middleweight, have

been matched to fight twenty rounds

in England the latter part of Octo-

ber.

Joe Woodman, manager of Lang-

ford, who arrived in town last night

from Boston, says the match is

clinched, he having accepted the

terms for Langford.

They will fight for a big percent-

age of the gross receipts at a show

promoted by Hugh McIntosh, the

Australian fight promoter, and Billy

Barry.

Woodman and Langford will sail

September 20. McIntosh, who is man-

ager of Burns, proposed the match

and Woodman held out for a certain

percentage. He has now received

word his terms have been accepted.

The match is on. They will battle

SAN DIEGO AND SOUTH COAST

YACHTS GO TO SANTA MONICA.

THE yachtsmen from San Diego,

who journeyed to San Pedro to at-

tempt to win the "Times" Cup

from the tars of the South Coast Yacht

Club, only to fail, will have another

crack at the local sailors today in the

open sea off Santa Monica. This race

has been arranged for the entertain-

ment of the visiting Elks, today being

Santa Monica day, and the beach lodge

has hung up two handsome cups for

which the yachts of the two clubs will

compete.

Three of the flyers from San Diego

and four of the South Coast Club's

famous racers will fight it out in the

trip under canvas, but as the prevail-

ing winds are dead ahead this plan

was given up.

Wasp, winner of the "Times" Cup

last Saturday, will sail Pedro again

today by Capt. "Fritz" Whitney, and

in anything like an ordinary channel

"reese" should win in her class hand-

ily. She will be pitted against Mis-

chief I of the local club, and Gret-

chen, Tully and Aeolus of San Diego.

The sailors from the southern city

are very anxious to win the race to-

day, as a solace for Saturday's de-

feat. The local club, however, is not

so sure. The weather is light today, but

the prevailing breeze is fresh, but for

some reason known only to the weath-

er man, the wind has fallen on every

occasion when a yacht race has been

sailed in the channel. If this pre-

cedent holds today the visitors will

have a chance, as both South Coast

Club yachts entered in the race are

at their best in a stiff breeze.

In the large class the yachts Mah

Pe and Detroit will furnish a royal

race. These are local boats and are

among the largest and fastest sloops

on this coast, and the latter has a

national reputation for speed. All

the seven yachts will be sent away to-

gether and the race promises to be a

battle royal from start to finish.

The start will be made off the new

concrete pier at Santa Monica, and a

twelve-mile triangular course will be

sailed. This gives a course which will

keep the yachts fairly close to the

beach all the time and a fine view of

the races can be had at all times from

the shore.

CHUM GIVES TESTIMONY.
The main witness for the prosecution
yesterday was George Coulter, 19
years old, who was a chum of young
Thayer and was walking beside him
near Hollenbeck Park when Mitchell
shot him down. His testimony was
along the same lines as given at the
first trial.

While we were walking along by
Hollenbeck Park," testified Coulter,
we heard somebody coming up behind
us and a moment later Mitchell ran
up to Thayer and grabbed him and
asked, "Is this Cecil Thayer?" When
Cecil said "Yes," then Mitchell began
to shoot. He fired three shots into
him while Cecil was lying on the
ground. Then he walked away and
was arrested a few minutes later.

and Mrs. Carrie Coulter, who told
of Mitchell calling at their home look-
ing for Thayer; William G. Thayer,
father of the dead boy; Edward C.
Harm, who was a witness to the cap-
ture of Mitchell; William F. Smith,
another witness, and Elmer Herman,
18 years old, who saw the shooting
from across the street.

About a dozen other witnesses at
the first trial for the prosecution will
not be heard this time.
The principal witness for the defense
will be the sister of the defendant,
Ethel Mitchell, now 17 years old. Based
upon her and story will be the real
defense of the unwritten law, masked
by the plea of insanity.

of art, from the overhead decorations
and walls, showing gulls and flying
fishes, and seaweeds and surf, or pond
lilies, iris and swans, to the shining
white tubs and luxurious fittings.
One room is in pure Louis XVI
style, with ivory enamel and gold fin-
ish, its walls hung with the lovely
Dresden flowered fabric. A third
room is pure colonial with green as
the dominant color, the antique high-
boy, the colonial couch, the heavy
graceful scroll design of the bed and
the dolphin feet of the table, being
perfect examples of this period of our
ancestry.

For the young daughter of the
household there is a charming suite
of rooms—bedroom and boudoir, con-
nected by a lavatory. The rooms are
furnished in bird's-eye maple, even
the piano being finished in this de-
licate white wood which seems so per-
fectly adapted to a young girl's room.
The walls are hung in dainty blue taf-
feta and the ceiling is like the blue
sky itself, with fairy white clouds
floating over it, and swinging baskets
of flowers forming a fascinating
fringe.

All the closets in this ideal home are
done in pure white, even to the lin-
oleum on the floor, and as you push
open the mirrored doors, an electric
light is automatically turned on,
illuminating brilliantly the farthest
corner. In the basement, the floor of
which is cemented, is the most com-
pletely fitted laundry, with patent
mangle and a feature of this part
of this seaside home is the plunge and
pool for bathing. As you come from
a dip in the surf, which rolls to the
very edge of the sunken garden which
is between the house and the sea, you
step into a pool of clear water at the
immediate entrance and pass from
that to the plunge beyond, descending
by the built-in steps into the pool.
From the pergola and the terrace
leading to the sunken garden, you see
miles of coast and the blue sea
stretching away for this home is sit-
uated on a bluff commanding a view
that is simply matchless. The fur-
nishings of this home cost in the
neighborhood of \$10,000, I am told, and
for perfection of detail, it has no equal
in these parts. Each room is a char-
acteristic, reflecting a flawless re-
production of the period to which it
belongs.

Beauty's Secret.
As I have already said many times
in this department, the secret of beau-
ty does not lie in a box of cosmetics,
but rather in a splendid physical con-
dition. We have just now a striking
example in Mrs. Robert Goelet, who
has just returned from Europe in the
glow of perfect health and abundant
beauty. And why? She went over
there utterly fagged and worn out
after a strenuous social season in New
York. She did not lie herself at once
to a German health resort, or take
medical baths and play the invalid.
She simply let nature work a rest
cure. Change is rest, and Mrs. Goelet
tells us that she changed the condi-
tions of daily living from a round of
social duties to the simple life and
to vigorous outdoor exercise. Not
mere pleasure promenades up and
down, fashionable thoroughfare, but
straight-away tramps of five miles a
day. Hence she returns as fresh as a
full-blown rose with the glow of skin
and brightness of eye that marks the
perfect woman in perfect health—and
that is beauty. If you would clear up
that muddy complexion over which you
are grieving, my friend, exercise—
by walking, by swinging the handle
of a broom, incidentally called sweep-
ing, or rowing a boat, or climbing
mountains, or doing anything that
brings your muscles into play and
makes for suppleness, grace and
beauty.

Again, the Dog Collar.
The Dutch neck has created a de-
mand for the dog collar again, for
there are many women whose necks
are not plump enough and pretty
enough to successfully stand the
strain of appearing to public gaze en-
tirely uncovered, therefore, again, the
dog collar is with us. Jet is the new-
est and at the same time the most
practical. The handkerchief is those
barred with rhinestones or glittering
gems of the semi-precious variety.

action was taken yesterday by the
 states to the third annual conven-
 of the California State Associa-
 of Optometrists, now in session
 in this city, to deprecate the action
 of optometrists in petitioning
 Governor to remove the present
 of Examiners of Optometry.
 This petition the independent optom-
 etrist charge that the members of
 board have not lived up to the
 and attack the acts of certain of
 members, especially Fred Detmers,
 president.

The session yesterday a resolution
 passed asserting that the attack
 Detmers has originated with op-
 tometrists who have "conducted them-
 selves unprofessionally" and who were
 to account by Detmers.

The resolution also commends the
 character and the high effi-
 cy of the members of the
 board of Optometry, whose
 manifested in the just execution
 of the provisions of our State, and that
 such optometrists complain of
 deficiency who have person-

REITERATE CHARGES.

G. W. Chester and other optom-
 etrists last evening submitted evi-
 dence to show that the State Board
 of Optometrists failed to comply with
 its duty to file a report with the Gov-
 ernor by the first Monday in January.
 The report was not until June 24 that the
 board made this year for 1903.
 That an unlicensed optometrist,
 Fred Perkins, had been employed
 by the board was also submitted to
 the board. Perkins made an agreement with
 the board, on condition that he sup-
 ply all glasses free of charge.
 Chester's relatives as well as
 many of the members of the board stated
 that word is being received
 from the members of the State associ-
 ation being made at the present board,
 that its members are using
 this official position to forward their
 business at the expense of
 the practitioners.

CONVENTION SESSIONS.

At the convention Frederick W. Lauffer, out-
 standing president of the association,
 presented an annual report, dealing for
 the most part with the new laws and
 action was done by the last Legisla-
 ture.

Detmers of the State
 association made an address of welcome to
 the delegates in happy style.

pected to figure largely in the fight on
the floor of the Grand Lodge.
R. J. Huntington of Hot Springs,
Ark., said that fifteen of the seven-
teen lodges in his State have in-
dorsed Sammis and that he does not
know of a vote in his State for Her-
mann.
C. Malloy, the representative
from Hutchinson, Kan., was one of
the early callers at the Sammis head-
quarters. He is one of the earnest
Sammis workers and says that, in
Kansas, it is generally conceded that
Sammis has the best of the argument,
owing to his past services to the or-
der and his claims for recognition.
So large is the Texas delegation that
its leaders are considering the advisa-
bility of marching in the parade in a
body Thursday forenoon. There are
300 members of the B.P.O.E. from
Texas now in Los Angeles, and they
think that they should make the best
possible showing for the Lone Star
State. Exalted Ruler Wallace and Dr.
George H. Higgins of El Paso are in
charge of the arrangements for this
matter and, if they find the plan ad-
visable, will issue a call in ample
time to let all the Texans in the city
know what is expected of them.

REST ROOM POPULAR.

FEW CASES FOR NURSES.

The ladies' rest room and tea gar-
den at the Elks' headquarters did a
rushing business yesterday. The
doings of ladies and their escorts
partaking of the hospitality of the
Elks, exceeded those of any previous
day. The shady bowers, daintily de-
corated with Japanese lanterns, proved
to be the most welcome spots
in the city for visiting strangers.
As yet there has been little doing
at the emergency hospital in the
headquarters. Miss M. Finney, the
head nurse, with three dainty as-
sistants from the trained staff of the
Sisters' Hospital, was on hand
throughout the day to provide first
aid for any injured.
Other than a few ladies suffering
from headaches induced by the heat
and crush of the building, there were
no patients. Some specially-favored
visitors were entertained. The nurses
are waiting with some apprehension
until the parades are held, when it is
feared that the stations may be kept
pretty busy. Only first aid relief will
be given at the emergency hospitals
and the patients in serious cases will
be rushed to the city hospitals in an
ambulance.

BUSY LITTLE HANDS.

CHILDREN DECORATE STREET.

For three blocks on Trinity street,
between Sixteenth and Washington
streets, unique decorations have been
installed in honor of the Elks, and all
by the hands of two girls and two
boys. The idea originated with Miss
Helena Humphreys, 11 years old, a
daughter of Mr. and Mrs. Walter
Humphreys of No. 1614 Trinity street.
Her co-workers are Miss Clara Weh-
ler and her brother, Walter Wehler,
and Charles Childers.
The street is criss-crossed with
streamers and flags, while two large
banners, one in opposite direc-
tions, greet the visitor. Last evening
1500 home-made lanterns, constructed
in star shapes from strawberry boxes,
were lighted, and gave an exceedingly
beautiful effect to the street, with its
waving flags, banners and streamers,
massed in purple and white.

all right; and that the whole State is
all right. To put it mildly, we are
there with the goods. We may have
a little hot air, but it's a general air
that will do you all good. [Laughter
and applause.]
Miss Scanlon, who is the contralto at
St. Vibiana's Cathedral, sang two
beautiful songs, which received hearty
applause. Miss O'Donoghue accompa-
nied her.
WELCOME BY MAYOR.
Exalted Ruler Youngworth intro-
duced Mayor Alexander, who, in an
address of welcome, said: "In my of-
ficial capacity as Mayor of the city
of Los Angeles, I welcome the Grand
Lodge of Elks to our city.
"I also wish to extend my personal
greetings and welcome you as the rep-
resentatives of the 300,000 or more
members of the order from the North,
South, East and West.
"I feel that our city is highly hon-
ored in having the Grand Lodge mem-
bers here. To the individual members
and their friends, our citizens extend a
hearty welcome. You are our guests
and we say to you: May your stay
be so pleasant that you will return
and make us a longer visit.
"We have many places for you to
visit from the mountains to the sea.
You will find that the Pacific Ocean
at our many seaside resorts furnishes
the best bathing in the world. Our
means of transportation are as good
as can be found in any country. Ev-
ery city, town and village will greet
you with open arms.
"The order of Elks is very prosper-
ous. I understand that No. 99 has
about 1000 members. They are among
our best citizens and are noted for
their good works. I greatly admire
your new golden rule: 'The faults of
our brothers we write upon the sands;
When the sands are blown away, their
virtues upon the tablets of love
and memory.' This is true charity.
"Your order is noted for the good
it does in caring for the sick and
helpless, in helping the widow and
fatherless. These good deeds make the
order popular with our best citizens.
Charity and brotherly love are noble
virtues."
"We have a city, which in twenty-
five years has grown from a Spanish
pueblo into a magnificent city of over
300,000 inhabitants. We think it has
a future second to none in the country.
"The keys of the city are herewith
handed to you. I hope your stay will
be all you have looked forward to and
wished for." [Applause.]
GREETING FROM GOVERNOR.
After another series of songs by the
male quartette, Gov. Gillett was in-
troduced amid a storm of applause.
When the cheers and hand-clapping
subsided, the Governor thanked those
present for their evident good-will
and said it is a great pleasure to lay
aside the cares of his office to be with
the "boys" for a few days.
"It is at all times an honor to be
the Governor of a great State, but it is
especially an honor as Chief Executive of
a State to extend on its behalf a welcome
to the Grand Lodge of Elks and its
members and visiting brothers. [Ap-
plause.]
"We know the long journey you
have made from the far East, the

sunny South and the Middle West to
be present on this occasion and the
whole State feels honored in your be-
ing here.
"You are the representatives of a
great fraternal order, one of the great-
est in the world, and your mission has
been and always will be for good. In
the midst of the pleasures of life which
surround you, and in which you take
an active part, you never forget the
sufferings, necessities and un-
happiness of others, and you extend
to them a brotherly hand, and your
kind words and charitable deeds bring
sunshine into their lives. Your gifts
of charity are not ostentatiously
made to attract the attention of the
world, but are given and made in such
a spirit and such a manner that the
recipient is made to feel that he is
not an object of charity. In giving,
your left hand does not know what
your right hand is doing.
"Now, as the Governor of this great
State, in extending to you a welcome
and expressing our deep and sin-
cere appreciation of your presence
among us, I propose, notwithstanding
the prohibition of our Constitution
against the giving of State property
to make you a left-handed gift which
the right shall know nothing of, a
gift such as no other Governor of
these United States can make. [Ap-
plause.]
"Do you want a country where a
most pleasant and genial sunshine
gives life and energy to every vital
force? You can have it. Do you want
a place where throughout the entire
year flowers bloom and birds sing? It
is yours. Would you be pleased to
stand upon the shores of a mighty
ocean and see its calm and placid
waters roll upon and kiss the golden
sands of a golden State, and like
Monte Cristo say, 'The world is mine.'
If so, we give it to you. Would you

Opening of the third week of
times scholarship contest writ-
ten some lively scrambling
tail-enders who had 600
points offered to the contestant
of less than 10,000, who
makes the largest gain on Mon-
day.

Stanley Carnahan of Hobart boulev-
ard made under his
name. He started out bright and
early before noon had landed four
times, counting for 1000
points, and entered an additional
substitution to net him a total
of 600. The 600 points offered as
a premium for the largest gain,
made him the champion of the day
and advanced him in the score
from 100 to twenty-second
place.

This is the first time Stanley has
made himself. He has a record
of a Sunday-school attendant perhaps
unbroken by any boy or girl in Los
Angeles. In the three years that he
has been in this city and been en-
rolled as a member of the Universal
Sunday-school he has been absent but
one day and that was on account
of rainy weather. During his con-
stant attendance he has won a
yearly handsome Bible for regularity of
attendance, and the third year he was
awarded a gold medal and diploma.
This year he is working to win a
trip to the medall.

Stanley is a many, wholesome-look-
ing boy, clean in morals and in person,
modestly in deportment and has a
pleasant, honest face that creates a
most favorable impression on people
whenever he comes in contact. He
was born at Blanchester, O., and be-
came a "Buckeye" boy, he ought to
be a good chance to become Presi-
dent of the United States, since the
people of Ohio have the habit of be-
lieving in the competence of the White House
candidates. Hayes, Garfield,
McKinley and Taft all were
"Buckeyes" by birth. Who knows but
Stanley may be added to that illust-
rious list?

Stanley Carnahan is 15 years old
and is eager to win a scholarship
from the preparatory school of the Uni-
versity of Southern California. His
father is traveling salesman for the
Doherty-Doherty Company. He has
a younger brother who is also a model
pupil in Sunday-school at
home.

"NORTH STAR" GIRL.
Emma Tenneson made the sec-

ond highest gain of the day, 356,
and moved up eleven numbers to thirtieth
place. She is 18 years old and is a
graduate of North Dakota, and may
therefore be called the "North Star"
girl, though she is glad that her home
is now in Sunny California, especially
in the beautiful suburb of East Holly-
wood. Miss Tenneson spells her
name a little differently from that of
the great poet, Lord Alfred Tennyson,
but were that immortal bard alive and
acquainted with the modest East Hol-
lywood maiden he might not be averse
to acknowledging kinship with her.
Some of his sweetest characters were
of the modest village maids and he might
well have written a poem extolling the
virtues of the modest little girl who
bears a name so nearly resembling
his own.

Miss Tenneson is one of a
family of six children. Her father is a
carpenter. She is a very bright girl,
though of a rather retiring disposition.
She desires a scholarship in a business
college and will no doubt make a fine
completing stenographer and book-
keeper. She writes a very neat hand
and is careful, neat and methodical
in all her work.

DOROTHY NEAR TOP AGAIN.
Miss Dorothy Scherer registered a
gain of 300 and moved up from fourth
to second place in the line-up. Once
before she was next to the top, and
she will not rest until she reaches the
very pinnacle of success. Miss Dor-
othy is putting an amount of vim
and energy into her campaign that
will have written a poem extolling the
virtues of the modest little girl who
bears a name so nearly resembling
his own.

tion concerning rigid enforcement of
the rule defining the difference between
new and old subscriptions and the
inference was drawn from that that
she was the only one that had "new"
subscriptions voted in her favor that
turned out otherwise. This inference
was unjust, as many others suffered
reductions in their scores on account
of subscriptions voted in their favor
as "new" failing to be approved as
such. In no instance was the contest-
ant to blame, however. The remarks
made in the Sunday Times editorial
ing contestants to be very careful
in distinguishing between "new" and
"old" subscriptions were not intended
to apply to Miss Scherer any more
than to all the rest of the contest-
ants.

"HAWKEYE" GIRL COMING UP.
Miss Helen Wilson of Whittier made
the fourth largest gain, Monday, 300,
and moved up three numbers to four-
teenth place. Miss Wilson is a "Haw-
keye" girl, being a native of Iowa.
Her father, the late Dr. F. F. Wilson,
was one of the most prominent physi-
cians and Masons of the "Hawkeye
State." He was Grand High Priest
of the Royal Arch Masons of Iowa.
The family have lived at Whittier for
the last four years. Miss Helen is
very popular socially and is admired
for her personal charms as well as
talents. She is a student of the pipe
organ and at the same time is also
improving her general education. Two
years ago she won a scholarship in
Huntington Hall and completed the
academic course in that excellent in-
stitution. She is desirous of continuing
her French, dramatic art and music
in the same school, and is working
for another scholarship to that end.

Two of Miss Wilson's former friends,
Miss Jane O'Brien of Burling-
ton, and Mrs. Senator Dodge of Los
Angeles, called at contest headquarters
last Saturday and evinced great in-
terest in Miss Wilson's success in the
contest. With so many "Hawkeyes"
in Southern California it is not sur-
prising that the contest should be a
harvest of contest votes.

SCOREBOARDS.

Constance Hood registered a gain
of 215 yesterday and remains at the
head of the procession.

Frank Maine made a gain of 1325
and remains in third place, but is
almost tied with Miss Scherer for
second place.

Raymond Austin retrograded from
second to fourth place, but he is only
a few hundred points behind Frank
Maine and Dorothy Scherer.

Emma Blortz wrestled twelfth place
from David Boardman, and the latter
now has the "hoodoo" number 13.

Ruth Ferguson made a gain of 1009
and retains the "skidoo" number, 23.

Murray Royal registered a gain of
1290 and remains in eighth place.

Grace Wagner increased her score
by 2218 and continues in tenth place.

Sterling Scheck added 1944 to his
score and has passed the 10,000 mark.
He is No. 21.

Lillian Waite remains in twentieth
place with an increase of 1700. She
has passed the 10,000 mark.

Carl Miehle has moved up one degree
to twenty-fifth place.

Edward Waller, Eva Kendall, Ray
Wilcox, Harry Spooner, Florence Peter-
son and Meart Kiesel have moved up
one degree each on account of Jose-
phine Hadley giving up the race.

Somewhere, impatient to see Miss
Sadie McCloskey of Santa Barbara get
started in the score list, has voted
one coupon in her favor. Her begin-
nings often make great endings. It is
hoped Miss McCloskey will soon be
able to cause that one coupon expand
many thousand fold. She can if she
will.

Every wideawake contestant should
be able to get a great many 25-cent
orders for the Times' Week Edition of
The Times. Fifty points in the con-
test score will be allowed on every 25-
cent order, accompanied by the cash.

DARTMOUTH MEN FREED.

(BY DIRECT WIRE TO THE TIMES.)
COLORADO SPRINGS (Colo.) July
12.—(Exclusive Dispatch.) John A.
Clarke, Harry Spooner, Florence Peter-
son making an assault with intent to kill
upon Howard H. Robinson, manager
of the Summit Hotel at the top of
Pike's Peak, were completely con-
demned in the justice court this after-
noon. The court stated that the evi-
dence tended to show conclusively
that the assault was initiated by the
complaining witness and that in his
belief the defendants did not exceed
the bounds permitted them in de-
fending themselves. The court stated
that in his opinion the first duty of a
hotel proprietor or manager is civility
and that the evidence tended to bring
out that in the past Robinson had
shown a quarrelsome disposition.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

POLITE LETTER WRITERS. MAYOR REPLIES TO COMMITTEE.

ANOTHER COMMUNICATION IN THE WATER SERIES.

His Honor Agrees to Chief Request of Opposition Party, But Adds Amendment Which May Not Please—Distinguished Professor Arrives from Holland.

Office of The Times, No. 24 S. Raymond Ave., PASADENA, July 12.—Proposals and counter-proposals mark the municipal water controversy. The latest letter to be exchanged between the citizens' committee, called the opposition, and the administration party, was issued yesterday. It is from the Mayor, and is addressed to Edmund D. Barry, chairman of the former committee. It reads thus:

"Your letter was handed to me during Council meeting on Tuesday, June 29, and as I had planned for a short vacation, and had my ticket bought to start the next day, I did not have time before leaving to give it careful consideration.

"The Council and myself were disappointed that your committee declined my invitation for a friendly conference. We were glad, however, to know that your committee did not want to delay matters and consented to sixty days' time in which to bring in a report.

"The only real difference that I see between us is the size of the committee. One of the chief objections that the Council and myself have to appointing a committee of five from each side, as you suggested, is that we believe the committee would not agree and there would be two reports, one from each side, and the place of unifying our citizens, they would be just as far apart as ever. We thought a smaller committee would accomplish the work a great deal better; but in order to harmonize all differences of opinion we will agree to a committee of five from each side, as suggested by your committee, provided you agree to let that committee select three first-class impartial men, say one good engineer, a good judge or eminent lawyer, and a good business man, and then have each side submit their views on all the phases of the water question to that committee and let that committee bring in its report. What I think Pasadena should do to acquire a municipal water supply, and both sides should agree to submit that report. If this is satisfactory to your committee, I will appoint a committee of five at once.

"The Council and myself do not agree with all the statements in your letter, but we think the best place to take them up would be before the committee, as it might cause some friction if I discussed them in this letter.

"What all good citizens are desirous of is to acquire municipal ownership of water in the best possible way for Pasadena. If we meet with that thought in view and all work and try to do what is right, the committee will bring in a report that will be credit to the good citizenship of our city."

KAPTEYN ARRIVES.
Prof. Kapteyn, the noted astronomer of Holland, who is said to be the greatest living authority on the distribution of the stars, arrived here last night to participate in the work of the Mt. Wilson observatory. He spent a portion of last winter here and created considerable interest by delivering a number of lectures at Throop Polytechnic Institute.

Prof. Sears of the observatory of the University of Missouri is to come here to take up permanent work as head of one of the departments at the Carnegie observatory. Prof. Chamberlain of Vassar, also a noted scientist, is expected shortly for summer work.

NO KICKS CAME.
The City Council, sitting as a Board of Equalization, held a record meeting yesterday. It lasted but two minutes, just long enough to legalize the organization of the board by motion and learn that no objections against the valuations made by Assessor Kellogg had been filed. The board will meet again tomorrow morning to consider any complaints that may be filed, but it is believed that none will materialize. This is the first time in many years that the board has met with no trouble.

ANOTHER MILESTONE.
A great stride in the growth of the city is indicated by the statement of City Assessor Kellogg that the assessed property valuation within the city limits for the year 1937-38 will be \$29,000,000. This is an increase of \$1,200,000 over the valuation of last year. The year before the amount was a little more than \$25,000,000.

The Assessor explains that this showing is especially significant as there was a general scaling down on many business properties on which it was considered too high a figure had been placed and no general raises on other properties had been made to offset these reductions.

PASADENA NEWS NOTES.
The Humane Society is considering the advisability of establishing a creche, or day home, for the babies of mothers who work out and find it necessary to leave their little tots in the care of neighbors. It is estimated that eight children at 25 cents a day will maintain such an institution as is desired.

William Ballish, a machinist, fell fifteen feet to the cement floor in a Colorado-street garage while working on the overhead installation of some new machinery. He will be confined to his home for several days with bad bruises.

A new dormitory is being planned for the Children's Training School. The Pasadena branch of the California Medical Association will meet this evening in the Board of Trade rooms. Dr. Black, King, Rogers and Sherk will give reports of their recent visit to the convention of the American Medical Association.

A baby monkey has been born in case No. 1 in Central Park. W. R. Stiller is laid up with a wound in his leg. He was accidentally shot in a hardware store by a clerk who was working on a rifle.

The estate of the late Fannie D. Burr, which was filed for probate yesterday, amounts to \$5000. Rev. Frank M. Dowling, former pastor of the First Christian Church, has sustained injuries from another fall from a wagon at his ranch near Fullerton. He was hurt in a similar manner about a month ago.

LONG BEACH. OFFERS LOTS TO THE CITY.

COUNCIL ACCEPTS GIFT FROM VICTORVILLE MAN.

Property at Carroll Park, Worth Ten Thousand Dollars, Is to Be Used for Public Recreation Purposes—Electric Lighting Rates Will Not Be Increased.

LONG BEACH, July 12.—John Carroll of Victorville, the original owner of what is now Carroll Park, suburb annexed to the city last fall, today tendered the city a deed to lots A, B, C and D in different parts, of the tract on condition that they be used for park purposes and be made a part of the city system. The lots are of different shapes, and as real estate are valued at \$10,000. There is \$125 for past due county and state taxes, which Mr. Carroll desires the city to assume.

The city still has unexpended money from the road tax paid by the district into the county treasury, and the Supervisors after annexation and the Council at once accepted the deed and instructed the City Clerk to pay off the incumbrance.

SCHIAFFINO CASE.
In Justice Brayton's court this afternoon two complaints against E. L. Schiaffino, charging him with forgery, were dismissed on motion of the District Attorney. The reason was given but it is supposed that it is because Schiaffino's attorney insists on a speedy hearing and the State cannot secure its main witnesses for several days as both are non-residents. Schiaffino is a well-known figure in the city and is thought to be a valuable asset to the city.

LIGHTING RATES.
The City Council this morning adopted an ordinance establishing electric light rates for the fiscal year. It reduced the rate to 10 cents per kilowatt hour and made other changes. It also eliminated the minimum rate charge. The gas ordinance came up for first reading and was amended making the rate \$15 per 1000 cubic feet, which is a reduction of 10 cents. Manager Mulendoff of the Long Beach ostrich farm is trying to save a young ostrich, valued at \$100, which ran into a fence and broke its thigh. Generally these accidents have been regarded as rendering an ostrich valueless, but Mr. Mulendoff thinks that with careful attention the bird may be saved.

ANNUAL REPORT.
Fire Chief Shrewsbury today submitted to the Council the annual report of the fire department. He wants another hose house in the Second Ward, two additional firemen and \$6000 of new hose.

THE ANNOUNCEMENT.
The announcement of the death of A. R. Collins, vice-president of the First National bank, was a great shock to his friends, as many of them saw him Sunday morning. An apoplectic stroke was the immediate cause of death, which occurred at 10:30 Tuesday afternoon under the auspices of the Palos Verde lodge of Masons.

MAYOR USES VETO.
Mayor Windham this morning returned to the Council with his veto the ordinance fixing telephone rates. He objected on the ground that one rate was established for two companies operating under different franchises. He thought each company should be bound by separate ordinance. The Council will take up the measure whether or not to pass the measure over the veto.

TRADE AT HOME.
Whittier Woman's Club Adopts This Slogan, Much to Satisfaction of Merchants.

WHITTIER, July 12.—A practical movement which the merchants of this city are watching with interest is being inaugurated by the Woman's Club. The members, who include some of the most prominent women in the city, believe in their home town and frankly say that they feel that they ought to use their influence to help build it up. To do this they have started a three-months "Trade at Home" campaign and are to prosecute vigorously anyone who takes away the new slogan have been issued to each member with the request that she keep track of her purchases and report to the club for a reckoning later.

The trustees of the Union High School have announced the personnel of the school faculty for the coming year thus: O. C. Albertson, R. S. of Penn College and graduate student of the University of Chicago; principal; O. E. Rogers of Vorties Business College, commercial branches and athletics; Miss Catherine Dwyer, A. B. of Stanford, English; Miss Pearl Ellis, B. L. of Occidental, Latin and German; J. C. Roberts, B. A. of Penn College, History; Miss Blanche Bradshaw, A. B. of Stanford, Spanish and French; Miss Lillian Cummings, A. B. of University of Michigan, English; Miss Esther Andrews, Miss Stanford, English and German; Miss Anna Taylor, A. B. of University of Nebraska, mathematics; A. W. Smith, M. A. of Yale, science; Miss Mabelle Schultz, A. B. of University of California, Greek and Latin and athletics for girls; Miss Elizabeth Gleason, vocal music and drawing; Miss Mabel Ferris, expression; Miss Olive Gladfelter, commercial art; Clara Soeman, instrumental music.

Much interest is manifested here in the Elks' parade and in the fact which Whittier will enter. The young ladies who will ride on the float are: Misses Naomi Little, Marjorie McNeese and Marjorie Griffin. The gentlemen who will serve as outriders are George E. Little, the designer of the float; Will A. Smith, Wallace Gregg and Jefferson Walbridge.

NOT ON THE PROGRAMME.
Women of Santa Monica Add Unexpected Spig to the Meeting of the Trustees.

SANTA MONICA, July 12.—A performance not on the programme was pulled off tonight when a large delegation of temperance enthusiasts and members of the Women's Club appeared before the City Council to oppose a proposed Sunday closing of the saloons. This had been presented by the Women's Club, and the

REDONDO BEACH. PLAN FURTHER IMPROVEMENTS.

HOTEL, CLUBHOUSE AND GOLF COURSE DECIDED ON.

Polo Field and Tennis Courts Also to Be Made at Clifton—Slightly Plateau Overlooking Pacific Will Be Location—Pretentious Buildings to Be Erected.

REDONDO BEACH, July 12.—Mr. Huntington's next big improvement at this place will be the erection of a hotel, club and clubhouse and putting in the long-contemplated golf course, polo field and tennis courts at Clifton. When completed the improvement will stand without an equal in America. It is being intended to attract players here from all parts of the country by making a magnificent winter and summer playground for their special amusement. The location is on a slight plateau overlooking the Pacific and adjoins Clifton, being but five minutes' ride from the city. The center of Redondo Beach. But for the determination of Mr. Huntington to carry out this project on a larger scale than originally intended, the improvement would have been started this month, but the old plans were returned to the designers with orders to make the buildings and grounds more pretentious.

With such an attractive place for the lovers of those games, no doubt many of the large tournaments now played in the East will be decided here. Since news was given of Mr. Huntington's intention to carry out these plans, there has been an active demand for building sites from many of the foremost polo, golf and tennis players on the coast. They desire to acquire homes along the coast, handy to the clubhouse and hotel.

LETTERS TO THE TIMES.
[The Times freely publishes the views of correspondents and is not responsible for writers' opinions. Its brief, written statements are not intended to be the average, is sufficient for the point. The Council will take up the measure whether or not to pass the measure over the veto.]

Cure for Tuberculosis.
LOS ANGELES, July 11.—[To the Editor of The Times:] In a pamphlet on tuberculosis distributed by our Board of Health there appears two statements, viz: Tuberculosis can be prevented; tuberculosis can be cured. The first has been preached for hundreds of years; the second is said to be false by the medical profession, who emphatically declare that consumption is incurable. The prescription for the preventing of this disease is given as "killing the germs that cause this disease," and "having people healthy." By killing the germs they mean those which are contained in the sputum and not those which remain in the system, multiplying and doing their destructive work, for that medical men say cannot be done. The other: "Having people healthy" is prescribed by pure air, plenty good food and rest. This is the only way to cure the disease. It is hard to cure this disease that way. Now, why don't our medical profession tell us a medicine that can be taken that will kill the germs within us, and which at the same time will make us healthy, and while such a medicine we will take care of the germs in the sputum, thereby having two forces at work instead of one? A million people are victims of tuberculosis, and over 8,000,000 people are at work fighting this disease as prescribed in said pamphlet. It's easy enough to wring the neck off your neighbor's rooster when you've got him in your hand, but a mighty hard thing to do when he is securely locked up in your neighbor's coop. Likewise with these germs. Easy to burn them up when in the sputum on a rag; but how to do it when scattered all over your lungs eating you up. This is the point consumptives would like some one to answer.

CLEVER CATCH BY WOMAN.

Mrs. Edwards of Los Angeles Finds Man in Denver Accused of Having Robbed Her Here.

Mrs. Nellie Edwards of Los Angeles yesterday caused the arrest in Denver of Harry J. Collins, who she alleges robbed her in this city in April, 1938. "Coming face to face with the man in a downtown Denver shopping crowd, according to a special dispatch, she gave no sign of recognition, but as soon as the man's fears were disarmed, sought a patrolman, and with the officers trailed Collins for two or three blocks. Then he started to run, but was overtaken.

"In April, 1938, Collins was acting as my driver in Los Angeles," Mrs. Edwards said. "I entered a hotel there and handed Collins my handbag to hold. In the bag was a gold watch and heavy necklace chain, a diamond ring, \$32 and other valuables. Collins ran away while I was in the hotel. The theft was discovered in half an hour, but the police could find nothing of Collins. I had given up all hope of ever locating the man."

TO SELL MURDER RELICS.
Closing Chapter in Woodliff-Eastman Tragedy Will Come With Auction Saturday.

[ASSOCIATED PRESS DAY REPORT.] EASTON (Md.) July 12.—Probably the closing chapter in the Woodliff-Eastman tragedy will be ended next Saturday when all the personal effects of "Lame Bob" Eastman, the murderer of Edith May Thompson Woodliff, will be sold at auction at the courthouse.

A great crowd is expected at the sale. Good prices are expected, especially for the smaller articles that will make good souvenirs.

"Murder farm," as the Eastman farm is now known, it is believed, will sell for double for what Eastman paid for it last February.

CIVIL WAR IN COMPANY.
Two Sets of Directors of Gate City Oil Concern Clash Over Election.

[BY DIRECT WIRE TO THE TIMES.] STOCKTON, July 12.—[Exclusive Dispatch.] The stockholders of the Gate City Oil Company went into the Superior Court today for the purpose of securing a decision as to who should conduct the business of the corporation. The company has producing oil wells in Kern county.

One set of directors, which was elected by about 1000 votes out of a total of 150,000 shares, is headed by J. Jerome Smith, and the other board is championed by L. M. Smith. It is claimed the directors elected are not entitled to their offices, and the court is asked to remove them, and to enjoin them from acting in any capacity. The latter request was granted until the court has time to give a hearing on the suit.
